This custom home underwent a complete transformation over the last 9.5 years (finishing completed in 2024). The designers seamlessly blended beauty, functionality and understated luxury. These elements harmonize with high-end finishes, innovative upgrades, and a discreetly integrated secret room, culminating in a truly BEAUTIFUL living space.

Gone are the awkward levels and sunken spaces of the original layout. In their place: soaring ceilings, seamless flow, and warmth you can feel the moment you enter.

Enter through an amazing 8' x 48" Walnut PIVOT door, into a dramatic foyer, lit from above by a skylight and anchored by a 3-storey stone wall. Your eye is immediately drawn to 20'+ ceilings, and oversized windows pouring light from every direction.

Enter the living room with a 13' vaulted ceiling, shaped floor-to-ceiling windows, and 3-sided fireplace. Next, a versatile office (or formal dining room) faces the park, framed by tall corner windows and more vaulted ceilings.

Dream kitchen: double wall oven with microwave, induction cooktop, smart fridge with WIFI. An oversized Titanium granite island has a wine/beverage fridge and seats 4-5. A custom hutch in the dining area, adds 16' of additional serving space. Don't miss the

hidden butler's pantry (with its own fridge and prep space).

Continue to a mudroom with designer inspired heated tile and a double closet, 2 benches plus access to a main floor bathroom, complete with shower.

UPSTAIRS: a spacious primary suite showcases garden and park views, private balcony, and spa-like ensuite with double vanity, heated floors, soaker tub, multi-jet shower, private water closet, and walk-in dressing area.

Two more oversized bedrooms have mountain/park views and share a full bath with double sinks and heated tile. The bedroom level laundry opens to a front balcony with an amazing mountain view.

DOWNSTAIRS - custom wine room, home theatre with 87" TV and surround sound (included), games room with wet bar, fridge and dishwasher, guest bedroom and a semi-private bath.

OUTSIDE: low maintenance deck with gas hookup, mature trees and gardens, in-ground irrigation, and custom shed designed to match the home's complete with skylight, plugs and lighting.

EXTRAS (finishing completed in 2024): new kitchen/dining, main floor office, Butler's pantry, new bathrooms - main and up, Hardie board siding, cultured stone, new windows - triple-pane in front, A/C (2024), all new lighting, premium flooring: white oak on main, upper, luxury vinyl below. On-demand water heating (2018).
